

## **Suffolk Vikings Ski Race Team**

### **Information Sheet 8: Other Training**

#### **Introduction**

As well as the Suffolk Vikings, there are many commercial organisations that provide Ski race training. These organisations are run by professional coaches who are often former racers themselves.

Please remember that all these organisations are commercial organisations, charging for their training. Whilst Suffolk Vikings work closely with many of these, and many Vikings members attend their training, inclusion in this list is not an endorsement by the Suffolk Vikings, and likewise, do not infer anything about training that is not included in this list.

#### **Team Evolution**

Run by Paul Telling and based near Salzburg for the winter season. Team Evolution sponsor of the ERSA Summer League run weekly training sessions at Welwyn and camps around the UK.
